

Environmental Management Bureau (DENR-EMB) and who shall be responsible for all operations' monitoring and submissions of reports.

4. EK shall charge BLWD for monthly services rendered to its customer under this agreement and prepare the necessary documents for the processing of monthly ENVIRONMENTAL FEE payments. Corresponding fees are as follows:

Residential/Small Commercial – Php4,500 per septic tank maximum of 2,500L

5. Directly transport the desludged septage to a DOH-certified Septage Treatment Plant without spillage, the volume of which shall be accounted for and compared by the Septage Treatment Plant Personnel with the volumes reflected on the Manifest Forms.
6. Conduct proper clean-up should any spillage occur in the conduct of collection or transport of septage.
7. Assist BLWD and LGU in conducting Information Educational Campaign (IEC) and Public Consultations with Barangays within BLWD's Service Area discussing the details of this Agreement and its impact and benefits to them
8. Issue DOH approved Manifest Forms upon completion of the desludging service. EK's representatives shall write the action taken and/or comments on the Manifest Form (see attached) and shall have the customer acknowledge the work undertaken and affix his/her signature to the Manifest Form along with the Barangay Representative and EK.

B. Balanga Water District

1. BLWD shall pre-identify the service area wherein EK shall hold desludging services and provide a Master List of customers to be desludged from the same for the duration of the MOA so that Zoning and Saturation Drive Plans can be implemented with the assistance of Barangay Officials who have set avallment rate targets.
2. BLWD, with the assistance of the officials of the Balanga City's health, planning and environment and that of targeted/scheduled service area, shall collaborate and plan with EK in the implementation of its mandate to coordinate the scheduled program for the mandatory desludging of its pre-identified residential and commercial, industrial, institutional and government customers within the period of the term of this MOA.
3. Assist EK in obtaining the Mayor's Permit in the City of Balanga.
4. Accredite EK or issue certification as an entity capable of rendering Census, Collection, Transportation, Treatment, and Disposal/Reuse of Septage
5. Review the Billing Statement of EK which shall be submitted to BLWD every 15th of the month and payment by BLWD to the EK shall be done every 30th day of the month
6. Promptly pay the EK fees for actual monthly services rendered during the previous month. In the absence of a tariff duly approved by Local Water Utilities Administration and/or City Ordinance, the Balanga Water District shall initially shoulder all expenses to be incurred in the said activity charged against the Balanga Water District's operating fund.
